

AVerMedia Awarded by PIF for Gold Medal in Poland

AVerMedia has been honored the PIF (Poznań International Fair) GOLD MEDAL in Securex 2008 Exhibition in Poland. The PIF Gold Medal has had a long tradition and reputation in the modern history of the Poznań International Fair. It has been awarded since 1979 and plays a big part in the Europe security industry. AVerMedia received the award for the prominent features of AVerDiGi SA6000E Pro with multifunctional digital surveillance solution.

AVerDiGi SA6000E Pro is a HYBRID and Real-Time Standalone NVR. It provides 16 channels of audio/video real-time monitoring and supports diverse MegaPixel, IP and Analog/PTZ cameras. With advanced video compression format –H.264 and MPEG4, AVerDiGi SA6000E Pro optimized digital video quality. AVerMedia's Product Manager, Darren Lin said, " AVerDiGi SA6000E Pro provides an innovative interface design and

complete accessory support, the integration of total solution really caters to surveillance project need, such as school, government even airport project ." This award has been presented to AVerMedia in recognition of the company's ability to offer a complete range of high-quality products and solutions to the security industry.

With innovation and cutting edge R&D, AVerMedia not only provides users with the fullest coverage of security protection, but also takes video surveillance to new heights. By the spirit of "Distinct people, Distinct needs – Outstanding Solutions," AVerMedia keeps continuing effort to provide total surveillance solution. This award also approved the tremendous impact of AVerMedia 's solutions for digital video surveillance industry.
